Economically Disadvantaged	83% of Coney Island Prep's student population are economically disadvantaged compared to 74% for NYC CSD #21 in which we are located. Our recruitment efforts are targeted to the Coney Island Prep community which is an historically economically disadvantaged community. We target our local community through mailings to those zip codes, flyers and banners and through the support of our existing families.	We will continue to utilize all the outreach methods that have been successful in recruiting our local community in the past. In addition, we are serving as a summer meal service site to assist families during this time of great economic need and have specifically targeted local public housing projects and neighborhoods with economic needs. We have sent additional enrollment flyers and members of our staff to connect with families in those neighborhoods.
	While Coney Island Prep continues to fall below the percent of English Language Learner students compared to the number served in our local district, we have seen progress in increasing our population in

CIP's ELL population is at 5% compared to our CSD at 18% but two out of our last three incoming classes have exceeded 15%. We continue to offer our application in all languages through the common app and to have all family communications translated into Spanish, Russian, and Mandarin. While many of our in-person events were cancelled this year due to the COVID-19 crisis, we continued to have staff members available to respond to parents in a variety of languages.	We plan to continue to make our application and other recruitment materials available in a variety of languages and to utilize the language line for translation services into any languages necessary.
Students with Disabilities	<ul> <li>With regards to students with disabilities, we have always served a very high percentage of special education students. We are not sure why we initially attracted such a large percentage of SPED students, but the number of SPED students has remained high since our founding year. In fact, we consistently have among the highest percentage of students with disabilities among all charter schools in New York City. In addition, we have always served a higher percentage of students with disabilities than our local district. 25% of our student population were students with disabilities compared to 20% for our local district.</li> <li>We believe we have been able to recruit and retain such a high percentage of students with special needs for two reasons.</li> </ul>	We plan to continue all outreach methods that we have used in the past though we will have limited opportunities for in- person interaction and will likely

First, in all of the school's recruitment materials and information sessions to prospective families, we indicate that we enroll all students, including students classified as having special needs. At every one of our information sessions, a Coney Island Prep parent who has a child with special needs is on hand to speak about the school's program and answer any questions families might have. Secondly, Coney Island Prep's academic program is very strong, and has proven particularly effective for students with special needs. English Language Learners/Multilingual Learners	In 2018 - 2019, we had 46 students classified as English Language Learners. 45 of those students, or 98% returned for the 2019 - 2020 school-year. This exceeded our retention targets. Our extended day and structured school environment allows for more time for targeted academic support for ELL students. Families of current ELL students have been thrilled with the results of our academic supports, as many ELL students have tested proficient on the NYSESLAT. In addition, we have ensured the availability of interpreters for family-teacher conferences so that families can communicate effectively with teachers about their scholars' progress.	We will continue to ensure equity by providing adequate interpretation and translation services, adequate assessment and accommodations for ELL needs, and targeted academic supports for ELL students. Ultimately, academic success and tailored communication have served as the key levers that lead to the retention of English Language Learners and we will continue to focus on those approaches as we manage our new environment of partial remote learning.
	In 2018 – 2019, we had 217 students classified as Students with Disabilities that were eligible to return for the 2019 – 2020 school-year. 204 of those students, or 94% returned for the 2019 – 2020 school-year. This exceeded our retention targets.

#### Re: 294 Avenue T Block 7102 Lot 1 BIN# 3191355 Brooklyn

Dear Sir or Madam:

This is in response to your request dated November 12, 2010 for a Letter of No Objection for the above referenced premises. There is no Certificate of Occupancy for this premise. However, Department of Finance records dated 1938 show this premise is as an X classification. Department of Building records of PA # 4337 and submitted photos show a school at this location.

Therefore, the Department of Buildings has **no objection** to a school (UG 3) at the above referenced premises.

If this building is hereafter altered, an application must be filed pursuant to section 28-105.1 of the Administrative Code of the City of New York.

If the use of this building is changed from one occupancy group to another or from one zoning use group to another, either in whole or in part, a new Certificate of Occupancy shall be obtained pursuant to section 28-188.3 of the Administrative Code of the City of New York.

Please contact me at the telephone number above if I can be of any further assistance.

Sincerely,

n Gallagher, Deputy Berough Commissioner

Brooklyn
